University of the Cumberland Mission Statement

University of the Cumberland has historically served students primarily, but not exclusively, from the beautiful mountain regions of Kentucky, Tennessee, West Virginia, Virginia, Georgia, North Carolina, South Carolina, Ohio and Alabama which have

traditionally been described as Appalachia. The University's impact can be seen in the achievements of its graduates who have assumed roles of leadership in this region and throughout the nation.

While located in the resort like area of Appalachia, with emphasis primarily on serving the beautiful mountain area, the University now reaches into every state and around the world through its student body and alumni.

UC continues to offer promising students of all backgrounds a broad-based liberal arts program enriched with Christian values. The University strives for excellence in all of its endeavors and expects from students a similar dedication to this pursuit. Its commitment to a strong academic program is joined with a commitment to a strong work ethic. UC encourages students to think critically and creatively so that they may better prepare themselves for lives of responsible service and leadership. This focus of its undergraduate programs is extended and extrapolated into its graduate programs. These programs also nurture critical and creative thinking in pursuit of the "life-more-abundant" for both the individual and society. At UC, graduate study prepares professionals to be servant-leaders in their disciplines and communities, linking research with practice and knowledge with ethical decision-making.

Policies and Procedures

Grading

The Christian Studies program uses the following grades and quality points:

- A** Superior performance, four quality points are earned for each semester hour with a grade of "A"
- B** Performance distinctly above average, three quality points are earned for each semester hour with a grade of "B"
- C** Average performance, two quality points are earned for each semester with a grade of "C"
- F** Failure, given for unsatisfactory work, no quality points.
- W** Withdrawn from class without punitive grade.
- I** Incomplete, assigned only in instances where a small unit of work is not complete because of verifiable, extenuating circumstances. An "I" contract is submitted to the Registrar's Office with each "I" grade assigned.

The grade point average is computed on all graduate course work with the exception of "W." The grade of "I" is computed as an "F" in determining qualifications for candidacy. If the grade point average is below 3.0 (B), the candidacy application is held until the incomplete is cleared and the grade earned is then considered in determining the grade point average. Courses with a grade of "F" cannot be used toward degree or non-degree programs but will be used toward computing GPA. Candidates for a graduate degree are required to have a combined cumulative grade point average of "B" in all courses. A "W" grade has no bearing on the grade point average. Students wishing to withdraw prior to completing the semester should complete an official withdrawal form from the Office of Academic Affairs.

The grade of incomplete is awarded only when legitimate circumstances warrant. The grade of "I" will be recorded on the graduate student's transcript and will remain until the faculty member awarding this grade makes the appropriate change or until the time specified on the "I" contract expires. The maximum length of time an "I" may remain on a transcript is one calendar year. At the end of a one calendar year period, the incomplete will change to the grade of "F" if the student has not completed the course requirement as specified by the instructor. Each submitted incomplete must be accompanied by a valid contract for this grade. This contract will indicate all of the necessary steps to be taken by the student to satisfactorily change the grade of "I".

Academic Status

The following standards will determine a student's academic status:

1. Students must maintain a GPA of 3.0 to complete the program successfully. Students may have a maximum of two grades (six credit hours) of "C" on their transcript that count toward the degree. Students may retake a course once to raise a "C" grade."
2. A student whose GPA drops below 3.0 will be placed on academic probation. The student then has two semesters to improve the GPA to a 3.0 or higher. If the student fails to do so, the student will normally not be allowed to continue in the program.
3. A student must pass a course that is a prerequisite for another course with a "B" or better before taking the following course.
4. Students must complete all program requirements within four years of matriculation.

High standards of personal honesty and ethics are essential for those who are preparing for Christian ministry. Students are expected to demonstrate integrity in their work as well as strong academics. Students who submit the work of others as their own or intentionally do not follow instructions for taking tests or act in other unethical ways will be dismissed from the program.

Being placed on probation is a warning to the student that academic performance is below the minimum requirements of the Program. During the probation period, a student has the opportunity to raise the GPA or correct other specifically identified problems. If these deficiencies are not remediated, a student may be dismissed from the Program. Probationary status is determined and monitored by the Program Director in consultation with the Academic Coordinator and the Registrar. The minimum length of probation is one semester.

Academic Appeals

A student wishing to appeal a grade must appeal first to the professor of the course. If the situation remains unresolved, the student may then appeal to the Program Director. Following the ruling of the Program Director, either the professor or the student may file a complaint with the Academic Appeals Committee of the University. This formal written appeal must be filed by the end of the 4th week of classes in the next regular term following the term in which the course in question was taken. The Academic Appeals Committee then gathers information from the student, the instructor, and any other relevant parties. The Committee will deliver its recommendation on the complaint to the Vice President for Academic Affairs. After reviewing this recommendation and concurring with or amending it, the Vice President for Academic Affairs will inform the student and instructor of the disposition of the complaint no later than the last day of classes of the term in which the complaint was filed.

An appeal of any application of program policy made by the Program Director may also be filed with the Vice President for Academic Affairs, who will make the final determination in the matter.

Leave of Absence

A leave of absence from the M.A. in Christian Studies program may be granted by the Program Director for medical or personal reasons. Requests for leaves of absence must be made in writing to the Program Director. A student on a leave of absence may be permitted to resume course work upon receipt of documentation that satisfactory resolution has occurred of the problem necessitating the leave of absence. Repetition of course work satisfactorily completed prior to the leave of absence will not be required provided resumption in training occurs within one academic year from the date the leave of absence begins.

Withdrawal

Students may voluntarily withdraw from the M.A. in Christian Studies program in accordance following the University's general policies and procedures. Written notice of intent to withdraw must be provided to the Program Director prior to initiating the formal withdrawal process.

A student desiring to withdraw from University of the Cumberlands at any time must complete required paperwork and receive permission from the Vice President for Academic Affairs. The withdrawal process normally begins in the Office of Academic Affairs. The following policies and procedures govern withdrawal from the University for the current term.

1. The permanent record of a student who withdraws from University of the Cumberlands up until the last day to drop a class published on the Academic Calendar for that semester or bi-term will list a mark of "W" for all courses for which another grade (such as an "aF") has not been previously posted. A "W" carries no grade point penalty.
2. Students withdrawing after the last day to drop a course for the semester or bi-term will receive a grade as determined by the professor. In many cases this may be an "F."
3. A student who does not attend or ceases to attend a class but never officially drops or withdraws will receive an "aF" for each class when appropriate. An administrative withdrawal will be posted when non-participation in classes results in an active schedule of less than 1 credit hour, with W's, F's or aF's posted on all other courses.
4. No student who withdraws from University of the Cumberlands is entitled to a grade report or transcript of credits until the student's account is cleared by the Bursar's Office.

5. The final date of active enrollment (more information below) will be used by the Bursar's Office and the Office of Financial Planning to determine any adjustments involving financial aid and financial charges.

Medical/Emergency Withdrawal. Students who must withdraw from classes for medical reasons or because of dire personal circumstances may submit a written request to the Academic Affairs Office as soon as the student intends to stop participating in classes. This request must be supported by a letter from a medical professional or other source supporting the student's request with specific information on the student's diagnosis, current condition and continuing treatment requirements, or on the student's personal emergency that necessitates the withdrawal request. If the medical/emergency withdrawal is granted, the student will receive a grade of "W" in all current classes. NOTE: Normally, partial medical/emergency withdrawals are not permitted (that is, withdrawal from one or two courses while the student continues in others).

Administrative Withdrawal. A student may be withdrawn from all classes by administrative action based upon

1. Disciplinary action against a student confirmed by the Vice President for Academic Affairs, the Vice President for Student Services, or other university officer;
2. Failure of the student to confirm enrollment during the enrollment confirmation period at the beginning of a term.
3. Non-Participation in classes resulting in an active schedule of less than 1 credit hour and the posting of an aF, F, W in other classes.

Final Date of Active Enrollment. Whatever the circumstances, at the time of student withdrawal from the current term, the Registrar determines the final date of active enrollment (normally the last date of class attendance for in-seat classes or the withdrawal date for online courses). The final date of active enrollment is used by the Bursar's Office and the Financial Planning Office to determine any eligibility for tuition refund and any requirement for return of financial aid.

Readmission

Any individual who has previously matriculated and failed to complete the entire program of study within the required time period will be required to initiate a new application for admission. Likewise, applicants who have been previously offered admission into the Program but failed to matriculate in the designated class will also be required to initiate a new application for admission.

Verification of Enrollment

A student must confirm enrollment at the beginning of each term during the Confirmation of Enrollment period established by the Registrar and published on the Academic Calendar. For in-seat courses, Confirmation of Enrollment normally occurs by attendance in all courses on a student's schedule at least once during the confirmation period. For on-line courses, Confirmation of Enrollment normally occurs via active participation in a learning activity in all courses during the confirmation period. With the assistance of other offices and all faculty, the Registrar's Office administers the procedures by which enrollment is confirmed.

NOTE: Student Aid is not dispersed by the Financial Planning Office until enrollment is verified. A student's receipt of aid confirms the student's intent to complete all courses on the schedule for the semester. Once enrollment is confirmed and aid is dispersed, all policies and procedures described elsewhere are followed regarding tuition refund and aid remission should a student choose to drop individual classes or withdraw from all classes.

Privacy Rights of Students

Students pursuing a Master of Arts in Christian Studies are granted privacy through the Family Educational Rights and Privacy Act of 1974 (FERPA) enacted to protect the privacy associated with educational records, to establish the rights of students to inspect and review their educational records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings.

The University is subject to the provisions of the Family Educational Rights and Privacy Act (FERPA). This federal law affords students certain rights with respect to the student's education records. These rights are:

1. **The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.** Students should submit to the Office of the Registrar written requests that identify the record(s) they wish to inspect. The Registrar will make arrangements for access and notify the student of the time and place the records may be inspected.
2. **The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.** Students may ask the University to amend a record. They should write the Registrar, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or a violation of their privacy rights. If the Registrar decides not to amend as requested, the Registrar will notify the student of the decision and advise the student of his or

her right to a hearing regarding the request and will provide the student with additional information regarding the request and will provide the student with additional information regarding the hearing procedures.

- 3. The right to consent to disclosures of personal identifiable information contained in the student's education records, except to the extent that FERPA authorized disclosure without consent.** One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent) to perform a university function which would otherwise be accomplished by a university employee; a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

The University may also disclose, without the student's consent, "directory information", unless the student has advised the Registrar in writing at least five days following registration that the student does not wish part or all of the directory information to be made public. Once filed, this instruction becomes a permanent part of the student's record until the student instructs the University, in writing, to have the request removed. The primary purpose of directory information is to allow the University to include this type of information in certain University publications, the media, and outside organizations. The University has designated the following as examples of directory information: the student's name, addresses including electronic mail address, telephone numbers, date and place of birth, major field of study, degree sought, attained class level, expected date of completion of degree requirements and graduation, degrees and awards received, picture, dates of attendance, full or part-time enrollment status, the previous educational agency or institution attended, class rosters, participation in officially recognized activities and sports, weight and height of athletic team members and denominational preference.

The University may disclose education records without the student's consent in certain other circumstances, but shall do so only upon the authorization of the Registrar.

- 4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements FERPA.** The name and address of the office which administers FERPA and to which complaints are to be sent is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC, 20202-4605.

TREATMENT OF TITLE IV AID WHEN A STUDENT WITHDRAWS

The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The title IV programs that are covered by this law are: Federal Pell Grants, Academic Competitiveness Grants, National SMART grants, TEACH Grants, Stafford Loans, PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs), and Federal Perkins Loans.

When you withdraw during your payment period or period of enrollment (your school can define these for you and tell you which one applies) the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a prorated basis. For example, if you completed 30% of your payment period or period of enrollment, you earn 30% of the assistance you are originally scheduled to receive. Once you have completed more than 60% of the payment period or period of enrollment, you earn all the assistance that you were scheduled to receive for that period. If you did not receive all of the funds that you earned, you may be due a post-withdrawal disbursement. If your post-withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt.

Your school may automatically use all or a portion of your post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school). The school needs your permission to use the post-withdrawal grant disbursement for all other school charges. If you do not give your permission (some schools ask for this when you enroll), you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

If you receive (or your school or parents receive on your behalf) excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of: 1. Your institutional charges multiplied by the unearned percentage of your funds, or 2. The entire amount of excess funds.

The school must return this amount even if it didn't keep this amount of your Title IV program funds. If your school is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time.

Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with your school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when you withdraw are separate from any refunds policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return. If you don't already know what your school's refund policy is, you can ask your school for a copy. Your school can also provide you with the requirements and procedures for officially withdrawing from school.

If you have questions about your Title IV program funds, you can call the Federal Student Aid Information Center at 1-800-4-fedaid (1-800-433-3243). TTY users may call 1-800-730-8913. Information is also available on Student Aid on the Web at www.studentaid.ed.gov.

Disability Accommodations

University of the Cumberland accepts students with certified disabilities and provides reasonable accommodations for their certified needs in the classroom, in housing, in food service or in other areas. (Please see the University's Non-Discrimination Policy on page 2.) Students with disabilities may incur additional costs for services not provided by the University. The University's obligation to reasonably accommodate any student's

disability ends where the accommodation would pose an undue hardship on the University or where accommodation in question would fundamentally alter the academic program.

For accommodations to be awarded, a student must submit a completed Accommodations Application form and provide documentation of the disability to the Disability Services Coordinator, Mr. Nate Clouse, (606) 539-4296, nate.clouse@ucumberlands.edu. Documentation may include copies of accommodation records from a high school or previously attended educational institution, testing results and evaluation by a licensed psychometrician, and/or statements from a physician describing the disability and the necessary restrictions. When all paperwork is on file, a meeting between the student and the Coordinator will be arranged to discuss possible accommodations before accommodations are formally approved. Students must then meet with the Coordinator at the beginning of each semester before any academic accommodations can be certified for that term. Certifications for other accommodations are normally reviewed annually. All accommodations may be reviewed at any time at the request of the student or the Disabilities Coordinator.
